Hi Carol, We would definitely like to speak at the Annual Meeting, so we can “rally the Membership” for our Fall Event!!!
The October 2nd date is preferable, because I (Kathy) will be away in Maine until September 16th, but either date is do-able.

Below is our Report:

As you all know, our primary Motto is “Safety First”! Therefore, given COVID restrictions, new variants, and limited Vaccine availability, We felt that a Spring Clean-up in April 2021, with Members traveling together in cars to various sites, was still to risky!

Sooo . . . the plan is to have a Fall Clean-up Event either September 25 or October 2nd, pending Board approval of the date. We are looking forward to our Members rallying actively for this Annual event, not only to restore this beautiful stretch of Route 9D to it’s verdant state, but also to gather together with enthusiastic PGC Team Spirit and hugs! (Yes, HUGS 😊)
