

Flower Show/Arranging Annual Report for 2019-2020  
From Chairs – Lynda Vrooman, Jill Sussman, Liz Heitman

This was a unique year for our committee with the corona virus affecting us starting in March. Our first event of the year was the Annual Picnic held at Boscobel in September. The chairs worked with birch containers to compliment the outdoor woodsy backdrop of Boscobel. The containers were challenging because they leaked from the bottom and the wildflowers struggled looking fresh during the whole event. We made eight arrangements in total.

The second event was the annual Thanksgiving workshop held at the Garrison Firehouse. Approximately 22 members attended and we offered an array of different flowers for the attendees to work with. With the expertise of Donna Doyle as chairperson, it was very well organized. Thank you, Donna!

The third event was held at The Garrison in December. This time the committee used bronze lanterns with fresh flowers and greens at the top and base of each lantern. Once all were lit for the evening, it certainly offered a festive look.

A workshop was going to be held in March, with April Aguayo as the chair. She planned to use frames as part of the arrangement. This was cancelled due to the corona virus.

The Committee has enjoyed working with so many members who shared their expertise and enthusiasm. Thank you for helping us spread the joy of flower arranging.
